November 2018

Norfolk Island Play Festival - a well organised event and a great experience

Lucy Collins, Paula Angus, Catherine Brown, Kylee Murphy

The adjudicator Nigel Edgecombe commented on Valmai's (Catherine) fabulous energy and manic happiness, Chrissy's (Kylee) wonderful facials that told so much, Georgia's (Lucy) pomous air of superiority and Bron's (Paula) committed energy and was impressed that even though Bron had been on stage for less time than the others she had developed a character that the viewer totally connected with.

Barry, Dona, Lucy, Kylee, Joy, Catherine, Paula and Claire celebrate at the last night function.

All the cast and supporters had a great time together.

A big thankyou to Rory for maintaining the previous site over the years

Combined Theatre Group Meeting

There was a good attendance from the local groups with much discussion. One point noted was that as many of us share the same resources we need to ensure we don't overlap with dates of shows.

- **The Google calendar** has been set up for groups to put their show dates onto. Instructions have been sent to the groups but if you are unsure how to do it, please email your dates to CTG and we will put them on.

Sadly, another of our CTG family recently passed away. Our thoughts are with Catherine Brown and her family on the loss of Crawford, a much-loved husband, Dad and grandad.
